Denver, Colorado 80222-1530

Gentlemen:

Enclosed please find a copy of an issue paper concerning removal of radioactive materials discovered in the original landfill (IHSS 115) in Operable Unit 5 (OU5) at the Rocky Flats Plant. This issue paper was faxed to the Environmental Protection Agency (EPA) and Colorado Department of Health (CDH) on May 27, 1993. The facsimile transmission was followed by a conference call between EPA, CDH and the Department of Energy. This letter is to confirm that EPA and CDH gave verbal approval to remove radioactive material from the field to a connex for temporary storage. The removal was implemented at 9:00 a.m., May 28, 1993, after photographs (enclosed) of the objects were obtained. The materials are being stored in a connex near the decontamination pad in the southeast contractor support yard while awaiting transfer to a permanent storage facility onsite.

We appreciate your cooperation with this removal action. If you have questions or comments, please contact Jen Pepe of my staff at 966-2184.

Sincerely,

James K. Hartman
Assistant Manager for Transition
and Environmental Restoration
